- Bracket Winner: In the event of a tie among any point leaders in the Bracket prediction, the tiebreakers to determine the 'Bracket Winner' for the Local Sweepstakes prize shall be as follows (tie breaker procedures shall not apply for the \$1,000,000 Grand Prize – see below):
- Each player will choose a score for a designated matchup, the "Tiebreaker Matchup". The absolute value of the difference between the chosen and actual score for tiebreaker team #1 is added to the absolute value of the difference between the chosen and actual score for tiebreaker team #2, then this value will be subtracted from the possible baseline tiebreaker points of one hundred (100). If player leaves either tiebreaker team blank the

player will automatically receive zero (0) tiebreaker points. The player's tiebreaker points will be a separate score and will only be used in the case of a tie. In which case the player with the highest tiebreaker points will be the winner. If a tie still exists after using the tiebreaker formula then a random winner will be chosen from the pool of tied players.

- In order for the \$1,000,000 Grand Prize to be awarded, an eligible Entrant must correctly predict all sixty-three (63) games in the designated Men's College Basketball Tournament. If no eligible Entrants correctly predict all sixty-three (63) games, then the \$1,000,000 Grand Prize will not be awarded.
